FmHA AN No. 1780 (2006)

August 8, 1988

SUBJECT: Revised Reporting Requirements for the
Initial Classification of Farmer
Program (FP) Borrower Accounts

TO: State Directors, District Directors,
and County Supervisors

ATTN: Farmer Program Chiefs and State Automated
Data Processing Coordinators

Purpose/Intended Outcome:

This Administrative Notice (AN) clarifies the method for reporting the initial classification data for FP borrowers.

Comparison with Previous AN:

This supplements and clarifies AN 1765 (2006) dated June 22, 1988.

Implementation Responsibilities:

FmHA AN No. 1765 (2006) entitled "Revised Reporting Requirements for the Initial Classification of Farmer Program Borrower Accounts" addresses the procedures for completing the batch input lists for the initial classification of FP borrower accounts.

The AN states if a borrower on the list has no active FP loans, the borrower should not be classified. The intent of this statement was to provide for removal from the lists those borrowers whose FP loans were paid in full (fully paid code [FPCD] data element on the Automated Discrepancy Processing System [ADPS] account information [AI] status screen has a value other than spaces) after the lists were generated. The intent was not to exclude collection-only (CO) accounts or loans flagged foreclosure action pending (FAP), court action pending (CAP), or bankruptcy action pending (BAP) from classification. These loans must be classified in accordance with FmHA Instruction 2006-W, Classification of Farmer Program Borrower Accounts.
